

FW10

 RUBBER DUCK

## Rubber Duck - Fall/Winter 2010

### History

Rubber Duck is a Danish sport-fashion footwear brand that has taken the world by storm with its hip and colorful winter gear. The most celebrated product, the Rubber Duck SnowJoggers®, has become a winter must-have, spotted on celebrities like Lindsay Lohan, Katherine Heigl and Paris Hilton. Even Obama's daughters are sporting them in the White House. How cool is that!

### Philosophy

Rubber Duck wants to color the world! Our vision is to create fun, colorful products (that's what we do!) – but also to initiate diverse 'color' projects and events (and we love this!). All in all - it's about making a positive difference by adding colors to the everyday lives of people across the globe...

### Highlights

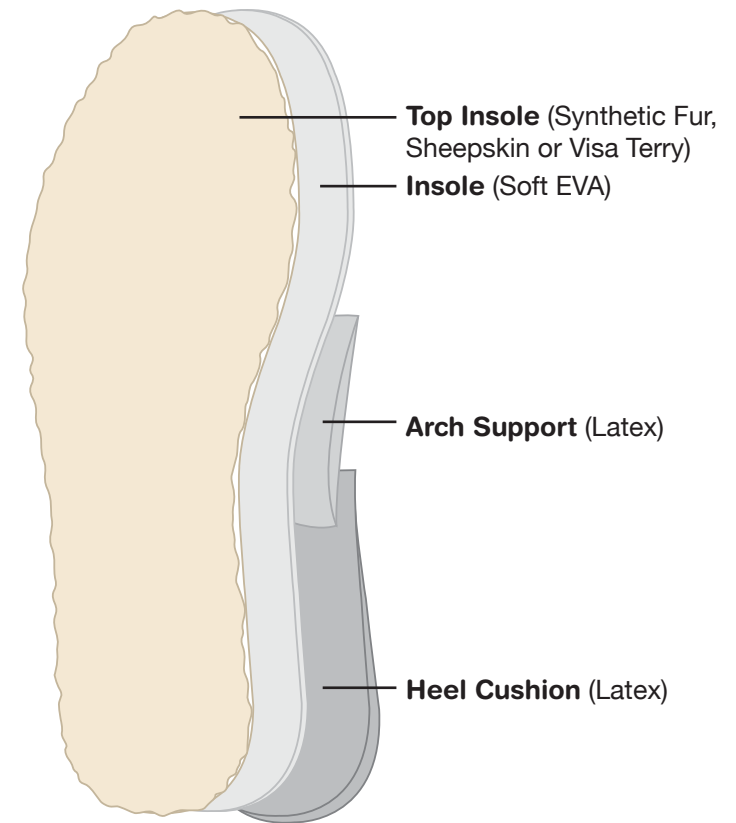

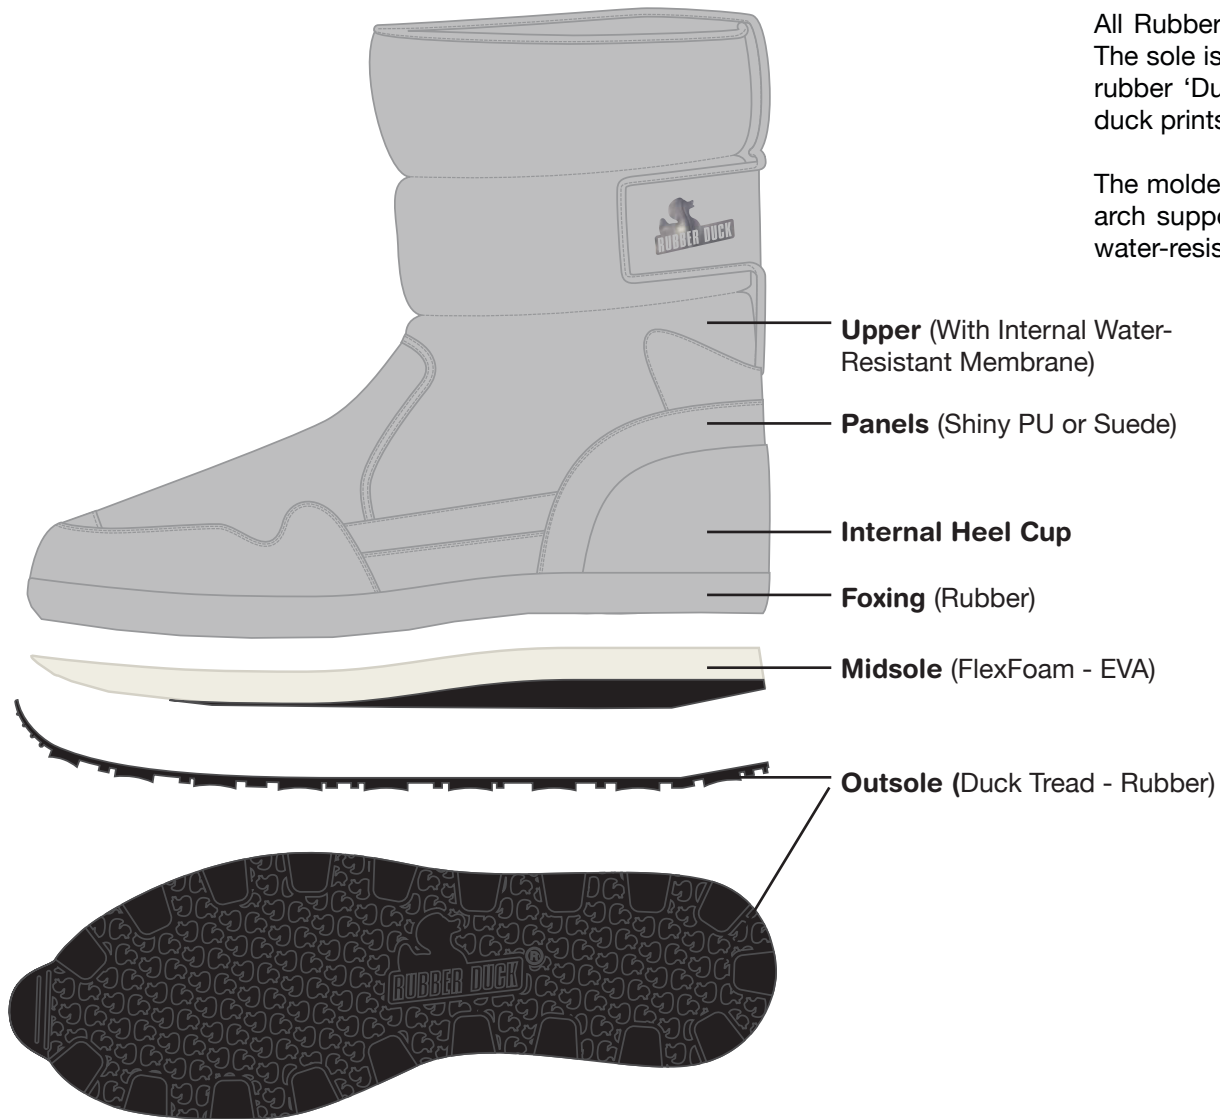

For Fall/Winter 2010 we give you: luxury X pop! Get ready for a bedazzling journey – and a thunderous clash between Tokyo neon lights, African adventure and Danish fairytales. Let the show begin!

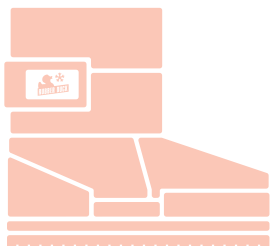

## Technical Specifications

All Rubber Duck 'Joggers are developed with the Signature Joggers Sole. The sole is constructed with a **shock absorbing** FlexFoam midsole and the rubber 'Duck Tread' outsole for **superior traction** – and for leaving small duck prints in the snow...

The molded internal heel-counter (heel cup) ensures **better fit**, whereas the arch support and heel cushion provides **optimal comfort**. A new internal water-resistant membrane makes sure your **feet stay dry**.

## Rubber Duck SnowJoggers® Classic

## Rubber Duck SnowJoggers® Classic

The combination of a joggers sole, a warm, padded upper and bright colors makes Rubber Duck SnowJoggers® Classic both functional and fun – they are the ultimate winter boots.

They are developed with a shock absorbing FlexFoam midsole and the rubber ‘Duck Tread’ outsole for better traction – and for leaving small duck prints in the snow... An improved molded internal heel-counter provides better fit, comfort and support, whereas a new internal water-resistant membrane ensures dry feet.

For FW10 the Rubber Duck SnowJoggers® Classic come in Nylon, Shiny PU and Sheepskin. The versions in Nylon and Shiny PU have synthetic fur lining. The Sheepskin edition is made with real sheepskin lining and suede upper, which makes the shoes more breathable and even more snug and warm.

### **Nylon**

Upper: Nylon/Suede

## Rubber Duck SnowJoggers® Sporty

## Rubber Duck SnowJoggers® Sporty

It's the SnowJoggers® we all love – with a twist. Just as comfy and warm as the Classic, the SnowJoggers® Sporty stand out from the crowd with extra edge.

They are developed with a shock absorbing FlexFoam midsole and the rubber 'Duck Tread' outsole for better traction. An improved molded internal heel-counter provides better fit, comfort and support, whereas a new internal water-resistant membrane ensures dry feet.

For FW10 Rubber Duck SnowJoggers® Sporty come in:

### **Punctured**

## Rubber Duck TrekJoggers

## Rubber Duck TrekJoggers

Tie them up! And stay warm and well protected from just about any weather in Rubber Duck TrekJoggers. Because of their neoprene upper they are especially suited for challenging weather conditions.

Neoprene is a high tech synthetic rubber. It's popularly used for wetsuits and protective shield for laptops or cell phone but we think it is perfect for winter boots... Combined with our internal water-resistant membrane the Rubber Duck TrekJoggers will be sure to keep your feet warm and dry.

For FW10 you will find TrekJoggers in a combination of Neoprene and Shiny PU.

### Neoprene

Upper: Neoprene/Shiny PU

Lining: Synthetic Fur (100% Polyester)

Sole: Rubber

Midsole: FlexFoam (EVA)

**Style: TrekJoggers // Neoprene**

## Rubber Duck ArcticJoggers

## Rubber Duck ArcticJoggers

Yet another newcomer to the winter family – the Rubber Duck ArcticJoggers. They are tall and sleek – and suitable for everyone heading up north of the Arctic Circle – around 66° 33'N. And if you live anywhere below this point; well, they will probably look just as stunning...

The Rubber Duck ArcticJoggers are developed with a shock absorbing FlexFoam midsole and the rubber 'Duck Tread' outsole for better traction. An improved molded internal heel-counter provides better fit, comfort and support, whereas a new internal water-resistant membrane ensures dry feet.

For FW10 you will find the ArcticJoggers in a combination of Shiny PU and Thick Nylon.

### **Shiny PU**

Upper: Shiny PU/Thick Nylon

Lining: Synthetic Fur (100% Polyester)

Sole: Rubber

Midsole: FlexFoam (EVA)

**Style: ArcticJoggers // Shiny PU**

**Sizes: Women 36-41**

**Upper: Shiny PU / Thick Nylon**

## Rubber Duck SleeveJoggers

## Rubber Duck SleeveJoggers

This winter we bet you'll have a hard time finding boots as lightweight and snug as these. They are made with the softest granny knit that not only adds to the comfort-factor but also accentuates the shaft's cool fall-down effect.

They are developed with a shock absorbing FlexFoam midsole and the rubber 'Duck Tread' outsole for better traction – and for leaving small duck prints in the snow...

For FW10 Rubber Duck SleeveJoggers are available in super soft Granny Knit.

## Rubber Duck SnowJoggers® Kids

## Rubber Duck SnowJoggers® Kids

Protect the little ones feet with the Rubber Duck SnowJoggers® Kids. They are warm and cozy, and the velcro fastening makes it easy for the kiddo's themselves to take them on and off.

For FW10 the Rubber Duck SnowJoggers® Kids come in Nylon, Punctured Shiny PU and Multi Color. They have synthetic fur lining and an internal water-resistant membrane that ensures the boots are water-resistant. An improved molded internal heel-counter provides better fit, comfort and support. They are developed with a shock absorbing FlexFoam midsole and the rubber 'Duck Tread' outsole for better traction – and for leaving small duck prints in the snow...

### **Nylon**
